Hernando:

Hello

The registration must be renewed every two years and there is a deadline for renewal.....

regarding the beans...of course we are very interested but we don't know where we are with the brand..... can we bring it if there is another person working with the brand?

Best regards,

Luis A. Arango

Hello Luis.

Cordial greetings, looking forward to a 2015 full of great successes for you

I received this email from the FDA inviting us to renew the permits we have for Beans, but it is striking to me that we only applied for this registration last year.

In the same way, we want to know if we are going to bet on Beans, because we sent the samples and the required information and, ultimately, we do not know if there is commercial potential for the product or not.

Thank you very much and best regards

Subject: Food Facility Registration - Biennial Renewal Not Submitted

Dear Responsible Official:

The Food and Drug Administration (FDA) has determined that your facility has not renewed its food facility registration, as required by section 415(a)(3) of the Federal Food, Drug, and Cosmetic Act (the Act) [21 U.S.C. 350d(a)(3)]. Under section 415(a)(3) of the Act, your facility is required to submit to FDA a renewal registration containing the information described in section 415(a)(2) of the Act, including any changes to such information since your facility submitted your preceding registration or registration renewal, every even-numbered year during the period beginning on October 1 and ending December 31.

As a responsible official of a facility that manufactures, processes, packs, or holds food for human or animal consumption in the United States, you are responsible for ensuring that your overall operation and the food you distribute are in compliance with the Act and applicable FDA regulations. FDA's registration regulations require the owner, operator, or agent in charge of a food facility that manufactures/processes, packs, or holds food for human or animal consumption in the United States, or an individual authorized by this facility's owner, operator, or agent in charge, to register such facility with FDA (see 21 CFR 1.225). Section 415(a)(3) of the Act requires the registrant for such a food facility to renew the facility's registration with FDA every other year.

Our records indicate that, to date, you have not submitted a registration renewal to FDA, as required by section 415(a)(3) of the Act. The failure of a food facility to renew its registration with FDA, as required by section 415(a)(3) of the FD&C Act, means that the facility has failed to register in accordance with section 415. The failure to register a food facility in accordance with section 415 is a prohibited act under section 301(dd) of the FD&C Act (21 U.S.C. 331(dd)). We request that you, or an authorized individual, re-register your food facility by completing and submitting your registration to FDA using FDA Form 3537 to FDA. You can submit your registration to FDA on-line at <https://www.access.fda.gov/>. You may obtain a paper copy of FDA Form 3537 by writing to the U.S. Food and Drug Administration/Food Facility Registration, 5100 Paint Branch Parkway, HFS-681, College Park, MD 20993, or by requesting the form by phone at 800-216-

7331 or 301-575-0156. When you receive the form, you must fill it out completely and legibly and return it to the address above or fax it to (301) 436-2804.

If your facility has a new owner, the former owner must cancel the facility's registration as specified in 21 CFR 1.235 within 60 calendar days of the change, and the new owner must re-register the facility as specified in 21 CFR 1.231 (21 CFR 1.234(b)). A facility cancelling its registration must do so within 60 calendar days of the reason for the cancellation (e.g., facility goes out of business or comes under new ownership), and in accordance with 21 CFR 1.235.

FDA's booklet, "What You Need to Know About Registration of Food Facilities" provides information on registration, including biennial registration renewal and registration cancellation. If you need additional information about food facility registration, you may call the FDA Industry Systems Help Desk at 1-800- 216-7331 or 301-575-0156 or write to FDA at the following address:

U.S. Food and Drug Administration, HFS-681
Food Facility Registration
5100 Paint Branch Parkway
College Park, MD 20993

If you have any questions about this letter, please call this office at 1-800-216-7331.

Sincerely,

FDA Unified Registration and Listing and Prior Notice System Helpdesk.

Hernando:

Hola.

El registro hay que renovarlo cada dos años y hay una fecha limite para eso....

con relacion a los frijoles...claro que estamos super interesados pero no sabemos en que estamos con lo de la marca....si lo podemos traer si hay otra persona trabajando la marca?

att

Hola Luis

Cordial saludo, esperando un 2015 para Uds lleno de grandes éxitos

Recibí este correo de la FDA invitándonos a renovar los permisos que tenemos para Fríjoles, pero me llama la atención que apenas el año pasado solicitamos este registro.

De la misma forma queremos saber si le vamos a apostar al Fríjol, pues enviamos las muestras y la información requerida y al fin no sabemos comercialmente si hay o no futuro para el producto

Mil gracias y un abrazo
